PRODUCT DESCRIPTION

- Category 3 non-high-visibility parka with Class 1 ELECTRIC ARC protection.
- PPE for use in ATEX environments.
- Flame retardant and antistatic.
- Breathable and waterproof.
- Fully taped seams.
- Fitted, pre-shaped sleeves for greater comfort.
- Central all-plastic zip fastening with double slider, under double protective flap closed with six concealed plastic press studs.
- Stand-up collar fastened with three concealed plastic press studs, enclosing a large removable hood.
- Chinpiece.
- Double central flap with gutter system for rainwater drainage.
- Two straps for detectors.
- Inner ribbed cuffs.
- One breast pocket with plastic zip, on the right-hand side. Retractable plastic badge holder, hidden in this pocket.
- Two zipped bottom pockets.
- Napoleon-style pocket under the central flap, closed with a zip.
- One inside pocket closed by a hidden press stud, on the right front when worn.
- Fit&Zip system: zip and tabs for attaching a removable T2S multi-risk liner.
- Two heat transferred RETHIOTEX® 26 535-01 microbeads retroreflective segmented strips over half the shoulders.
- One heat transferred RETHIOTEX® 26 535-01 microbeads retroreflective segmented strips around the body.
- Two heat transferred RETHIOTEX® 26 535-01 microbeads retroreflective segmented armbands on each sleeve.
- Standards pictograms on the left sleeve when worn.

RAW MATERIALS

OUTER FABRIC

- 3-layers laminated fabric FR 37% polyester, 12% Protex®, 8% cotton, 2% aramid, 40% PU, 1% AS (275 g/sqm).

RETROREFLECTIVE TRANSFER

- RETHIOTEX® 26 250-01 flame retardant segmented microbeads retroreflective transfer.

COMPLIANCE

Compliance with the essential safety requirements has been verified using the following harmonised standards:

- **EN ISO 13688 (2013) + A1 (2021)** for protective clothing - general requirements.
- **EN ISO 20471 (2013) + A1 (2016)** for high visibility warning clothing.
- **EN 343 (2019)** for protection against rain.
- **EN ISO 11612 (2015)** for clothing to protect against heat and flame.
- **EN 1149-5 (2018)** for protection against electrostatic discharges.
- **EN 61482-2 (2020)** for live working. Protective clothing against the thermal hazards of an electric arc. Part 2: requirements.
- **EN 13034 (2005) + A1 (2009)** for protection against liquid chemicals.
- **EN ISO 11611 (2015)** for protective clothing for use in welding and allied processes.

CUSTOMIZATION

CHEST HEART SIDE

Maximum dimensions:
80 x 50 mm
60 x 60 mm

BACK

Maximum dimensions:
200 x 100 mm
150 x 150 mm

Before going into production, we make a proof of concept from the vector file (vectorised .eps, .ai, .pdf) you send us.

Certain technical requirements may prevent us from printing in the desired location. **OTHER MARKING, PLEASE CONTACT US.**
